## COURT HEARS ARGUMENTS IN HEMMER CASE

NOTION TO QUASH INDICT-  
MENTS HEARD BY JUDGE  
JOHN ALLEE

Attorneys for Floyd J. Hemmer presented arguments Thursday in the Putnam circuit court on a motion to quash indictments charging the former superintendent of the Indiana state penitentiary with misappropriation of \$12,500 in state funds. Mr. Hemmer was represented at the hearing by Carl Gray, of Petersburg; Gillen & Lyon, and Hughes & Hughes, of Greencastle.

The state of Indiana was represented by Frank Coughlin, deputy attorney general; Donus E. Denny, Putnam county prosecutor; and Wilbur S. Donner, deputy prosecutor.

After hearing the arguments, Judge John H. Allee took the motion under advisement. He announced it would probably be several days before he returns a decision.

A Putnam county grand jury returned six indictments against Mr. Hemmer on Dec. 19 after an investigation of conditions at the state farm. Judge Allee set Mr. Hemmer's bond at \$5,000 on Dec. 20 and fixed Jan. 7 as date of arraignment. His attorneys filed a motion to quash the indictments on the latter date and Judge Allee set Feb. 21 for hearing of the arguments.

After return of the indictments charging him with embezzlement of state funds, Mr. Hemmer issued a statement in which he challenged any evidence the state might produce that he was unfaithful to his trust as penal farm administrator. He said that the farm's physical inventory was increased more than \$300,000 during the years 1937 through June, 1945, while he was superintendent.

He suggested that any losses of funds were his responsibility as administrator, but stated that half his key employees entered the armed forces and that the turnover of help subsequently hampered efficient management.

"It is my opinion," he said, "that there have been no losses of any size and nothing that two practical businessmen could not settle between themselves in five minutes."

Two damage suits have been filed in the Putnam circuit court by Victor B. Dyer and his wife, Lois E. Dyer with Lorene Emerson as the defendant in both cases.

According to Mr. Dyer, he was the driver of a car which was involved in an accident with the defendant's car at the intersection of Hulman and 19th street in Terre Haute on May 26, 1945. He charges negligence and reckless excess of the speed limit. For injuries suffered and for damage to his automobile he is asking judgment of \$5,750.

Mrs. Dyer, in her suit, states that she was riding in her husband's machine at the time of the accident and she was damaged by injuries to the extent of \$5,000. She also alleges that the defendant was negligent in her driving and that she was driving approximately 50 miles an hour.

## 20 Years Ago

IN GREENCASTLE

Ruth Kauble, who was in nurse's training at the Methodist hospital, was here from Indianapolis.

Mr. and Mrs. R. P. Mullins were in New Market for the day.

Mrs. W. R. Hutcheson was absent to the Progress History Club.

Miss Esther Snider was home from Indianapolis.

## TO DIE IN CHAIR

GALLUP, N. M., Feb. 21.—(UP)—Louis Young, 44, Negro convict, was sentenced to death in the electric chair early today for the knife-slaying last November of Mrs. Eloise Kennedy.

Climaxing one of the shortest trials in New Mexico court history, a 12-man jury returned a verdict of guilty on charge of first degree murder after less than two hours of deliberation. There was no recommendation for leniency.

Young burst into a Negro spiritual as he was led from the courtroom, and officers forcibly restrained sobbing Leon G. Kennedy, Jr., husband of the dead woman, from lunging toward the retreating figure.

## Guy Cox In Race For Commissioner

Guy Cox, of Franklin township, announced Thursday that he will be a candidate for county commissioner from the First District. Mr. Cox will seek the nomination for this office in the Democratic primary election in May.

## Fatal Shooting Baffles Police

PEORIA, Ill., Feb. 21.—(UP)—Police confessed themselves baffled today by the fatal shooting of Frank Kraemer, 50-year-old tavern operator, who was cut down by a machine gun as he sat in the glass-enclosed porch of his home.

Kraemer, who reportedly had been involved in Peoria gambling activities, died last night en route to a hospital without giving police a clue to the identity of his assailant.

Sheriff Charles L. Swords, leading the search for the killer, said Kraemer had died from three bullet wounds near the heart. Nearly half a dozen other bullets shattered the glass around the porch.

Swords said the bullet shells, marked "L" and "M" and bearing the numbers, "42" and "43", probably were from a machine gun but might have come from a foreign-made automatic rifle.

The Kraemer home was set back in a grove on the outskirts of town, and Swords expressed the opinion that the gunman had walked to the house from the highway then made his getaway in a car. There were no witnesses to the shooting, and police said no one noticed an unfamiliar automobile near the home last night.

## Hits Snag On School Lunch

WASHINGTON, Feb. 21.—(UP)—The House hit a new snag on the \$65,000,000 school lunch program today as southern Democrats charged that the measure had been amended to deny funds to southern states.

House leaders clung to the hope that the complications could be cleared up in time for a final vote by nightfall.

The rift began developing late yesterday when the House tentatively approved a racial anti-discrimination amendment offered by Rep. Adam Clayton Powell, Negro Democrat from New York. The amendment, still subject to a roll call vote, would prohibit discrimination in distribution of funds for the lunch program.

Southerners rose up in arms despite claims of some members that the amendment would not bar funds to states which segregated students of different races.

## CONSIDER DATE FOR PROPOSED PHONE STRIKE

EXECUTIVE COUNCIL RE-  
SUMES SESSION TODAY  
IN MEMPHIS

MEMPHIS, Tenn., Feb. 21.—(UP)—The executive council of the incensed National Federation of Telephone Workers today resumed consideration of a strike date for a nation-wide work stoppage of communications workers.

Despite NFW President Joseph A. Beirne's declaration that a walkout "seems inevitable", the council was unable to reach a strike date agreement yesterday after day-long conferences.

Representatives of 18 affiliated unions now poised to strike, adjourned last night without picking a time after Beirne had telegraphed Secretary of Labor Louis B. Schwelienbach, urging government intervention into the strike.

Beirne appealed to Schwelienbach to bring the dispute "to a satisfactory conclusion."

Union leaders stressed however that Beirne's pledge of no strike call until labor organization heads had conferred with government representatives would not delay strike plans.

Beirne wired the labor secretary that a "strike in the industry will not be called until we have talked to you."

## S. T. POWERS DIES

S. Turner Powers, 67, prominent retired New Market farmer, passed away Wednesday night in a Crawfordsville hospital after a two-day illness of heart disease. Mr. Powers was an uncle of Miss Edith Browning of this city.

He was a former township trustee and had served on the State Milk Control Board at Indianapolis. For twenty years he was a director of the Farmers Produce Creamery Association at Crawfordsville.

## Family Night At Bainbridge Club

The Bainbridge Lions Club held a family night meeting and pitch-in supper Wednesday night in the Lion's Recreational hall.

Following the supper, Frank Smith, called the meeting to order. He introduced the new members and their wives. They were Mr. and Mrs. R. E. Settle and Mr. and Mrs. William Couger.

Visitors were Omer Akers of Roachdale, John A. Cartwright, Willard Sunkel and Walter Gardner of Greencastle.

Mr. Cartwright, chairman of the Red Cross Division of Putnam county, gave a talk on Red Cross. This was followed by remarks by Mr. Sunkel. Mr. Gardner presented movies on Red Cross work.

Following the meeting games and dancing was enjoyed. Music was furnished by the Wabash Serenaders.

## Edwin Pauley On Way Down

WASHINGTON, Feb. 21.—(UP)—President Truman today reiterated his support for Edwin W. Pauley, whom he nominated to be undersecretary of Navy.

Mr. Truman asked whether he intended to withdraw the Pauley nomination in view of a demand by Sen. Tom Stewart, D., Tenn., that he do so. Mr. Truman said no.

WASHINGTON, Feb. 21.—Edwin W. Pauley's chances of being confirmed as undersecretary of the navy slid rapidly down hill today on skids lubricated at least in part by his own oil dealings.

He received some downward shoves from fellow Democrats, a development that caused no sorrow among Republicans. They made no attempt to hide their enjoyment of the discomfiture that Pauley's nomination has brought the Democratic administration.

Sen. Tom Stewart, D., Tenn., issued a statement saying the oil

CLOVERDALE HIGH SCHOOL BASKETBALL SQUAD  
FIRST ROW (left to right) — Hurst, Cummings, R. Mann, C. Monnett, Bassett  
SECOND ROW — Query, Smiley, K. Mann, Quinette, Minnick, BACK ROW — W. Day, Lewis.

## Cloverdale Squad To Battle Tiger Cubs In Net Tourney

Interest of Greencastle and Cloverdale basketball fans will be at fever pitch this evening at 8:15 when the Clovers tangle with the Tiger Cubs in the second tilt of the sectional tournament.

Pre-game indications were that practically every booster of the Cloverdale team will be in the local gymnasium for this encounter as the South Putnam players and backers believe the prospects of eliminating the Clovers are highly favorable this year.

On the other hand, Coach Kern McGlothlin and his net tossers have a far different outlook on this contest and feel that, despite their mediocre showing during the season, they will be able to stop the big Cloverdale squad tonight.

The Cloverdale team coached by Millard Vaughn, is tall and husky for a high school aggregation. They most generally use a fast break with Bassett the main cog in their offensive. The Clovers have won and lost ball games during the winter but they will invade this city this evening keyed up to defeat the Tiger Cubs.

It should prove a good fray to watch from the standpoint of the fans. We are predicting a close and hard fought battle. It may be the best game of the tourney. The sectional will get underway at 7 p. m. when Bainbridge and Fillmore get together.

Friday evening there will be three games with Roachdale meeting Russellville at 7; Reelsville and Belle Union clashing at 8:15; and Clinton Center opposing the Thursday winner of the Bainbridge-Fillmore affair.

Semi-final tilts are scheduled for 1:30 and 2:45 Saturday afternoon with the sectional champion being decided at 8 o'clock Saturday night.

Officials for the four tournament sessions here will be Thomas Stirling and Walter Floyd. The regional meet will also be held in the Greencastle gym this year on Saturday, March 2. Sectional winners from Attica, Clinton and Crawfordsville will compete with the local champ to determine the semi-final entrant at Indianapolis, March 9.

## Truck Turns Over West of Manhattan

Three men narrowly escaped serious injury early Thursday morning when a 1940 Ford semi-trailer truck overturned on the National Highway, a short distance east of the Butler school house road.

According to state policeman Maxwell, of the Putnamville post, who investigated the accident, the truck driver, Charles Cooper, 24, of Terre Haute, said the mishap was caused when an automobile pulled out in front of him as he was going east. The truck was loaded with old tires.

Riding with Cooper were Ray Sartin, 31, and Herbert Faris, 30, also of Terre Haute. The three suffered minor cuts and bruises when the truck overturned.

Guests at the luncheon included: James Headley, Junior Rotarian of the month, Lawrence Crum and D. W. Smythe of Osgood, Indiana.

## ENLIST IN ARMY

Charles A. Due, son of Mr. and Mrs. Clifford Due and Stanton Pierce, Jr., went to Camp Atterbury Thursday morning, following their induction into the army at Indianapolis Wednesday. Both youths are 16 years old and Pierce has been a member of the basketball squad. He will be lost to the team for the sectional tourney.

## Local Boy Is Navy Ensign

William F. Kocher, Jr., son of Mr. and Mrs. William F. Kocher, was commissioned an Ensign in the United States Naval Reserve and received the B. S. degree in Naval Science and Tactics, Engineering, from the University of Virginia on February 19th.

Ensign Kocher entered the United States Navy as a Seabee on March 7, 1943, and was transferred to the V-12 program at DePauw University in November, 1944. After two semesters at DePauw he was transferred to the Naval Reserve Officers Training Corps of the University of Virginia in Charlottesville, Virginia.

After a four day leave Ensign Kocher will report to the U. S. Naval Training Station at Newport, Rhode Island, for assignment to a ship.

## TALKS WITH DOUGLAS

WASHINGTON, Feb. 21.—(UP)—President Truman said today that he had discussed with Associate Justice William O. Douglas the position of Secretary of Interior. But Mr. Truman also said he did not think he should have two cabinet members from the state of Washington.

## Rotarians Hear John Cartwright

Greencastle Rotary dedicated a part of its luncheon program on Wednesday, to the impending Red Cross 1946 fund campaign due to open March 1. Willard Sunkel, a member of Rotary and Putnam county chairman for the American Red Cross, introduced John Cartwright, chairman for the drive for funds for the current year.

Mr. Cartwright told briefly of the need that exists, in peacetime, to carry on the forty-six services of the national Red Cross organization. He stressed the fact that Putnam county citizens must give generously if Putnam county is to meet its quota of \$8,500.

Walter W. Gardner, volunteer motion picture operator for the campaign, showed the official Red Cross sound movie which includes scenes of a number of Red Cross peace-time activities.

The program included, further the showing of a current March of Time film.

Guests at the luncheon included: James Headley, Junior Rotarian of the month, Lawrence Crum and D. W. Smythe of Osgood, Indiana.

## KIWANIS CLUB ENJOYS MARCH OF TIME FILM

The weekly luncheon meeting of the Kiwanis Club was held Thursday noon. The program included another March of Time film which was enjoyed.

It was announced that Robert Farber was the newest member of the club. Mr. Farber returned recently from his military assignment.

## Recommendation By Mr. Truman

WASHINGTON, Feb. 21.—(UP)—President Truman reiterated today that it is this government's policy to give its Caribbean possessions a steadily increasing measure of self-government.

In the case of Puerto Rico, Mr. Truman said, a recommendation already has been presented to Congress which would permit its people to determine the question of eventual independence from the United States.

In addition, he said, this country looks forward to more and more self government for the Virgin Islands.

The President's remarks were made in connection with the opening of the West Indian Conference of dependent and non self-governing territories in the Caribbean at St. Thomas in the Virgin Islands.

His statement was presented to the conference by Charles W. Taussig, chairman of the U. S. delegation.

Mr. Truman pledged that American policy in the Caribbean would conform to the United Nations charter in promoting the political, economic, educational and social development of the peoples.

"This government takes the view," he said, "that members of the United Nations which have responsibilities for the administration of non self-governing territories in this region have undertaken a solemn obligation in this respect."

The President added that the United States was gratified to note that France and the Netherlands had joined the conference. This country and Great Britain round out the membership.

Turning specifically to this country's Caribbean possessions, Mr. Truman said:

"This government looks forward to an increasing measure of self government by the people of the Virgin Islands of the United States. With respect to Puerto Rico, it has been recommended to the Congress of the United States that is provide a means by which the people of Puerto Rico might choose their form of government and ultimate status with respect to the United States."

The President also pledged this government "to support any suitable plan which would bring the non-self-governing territories of the Caribbean region into closer cooperation with each other, with a view to developing the educational, social and cultural institutions of the region."

## Home Ec. Club Council To Meet

The Putnam County Home Economics Club Council will meet Saturday, February 23rd, at 1:00 in the assembly room of the court house.

Local club Presidents, Secretary's and Publicity Officers are requested to attend this meeting. Business matters of major importance at this time are the presentation of the activity report for 1946 by the Executive Council; report of standing committees; appointment of new committees; report of club work to date and a discussion of club publicity work and club secretary's records.

If it is impossible for you to attend please notify the proper officer or secure some other club member to attend this meeting in your place.

We plan to continue our discussion of clubs and club membership.

## CANADA WILL ANSWER NOTE SENT BY REDS

CABINET MEETS TO APPROVE  
REPLY TO SPY  
PROTEST BY MOSCOW

OTTAWA, Feb. 21.—(UP)—The Canadian cabinet was expected to meet today to approve the government's reply to a Russian note handed a Canadian representative in Moscow yesterday.

Text of the Russian note was not disclosed, but it was presumed to be an official protest against the Canadian government's disclosure of the activities of an alleged Soviet espionage ring without first consulting the Soviet government.

In effect, the note was expected to be a follow-up of the Soviet statement broadcast by the Moscow radio, admitting that the Russians received "certain information of a secret character" about radio location and atomic energy.

Consideration of the reply to the Russian note was expected to delay an official report on the activities of the spy ring. The Royal commission studying the evidence against the espionage agents originally was scheduled to make public its findings today.

Informed sources in the Canadian capital said it was clear now that the activities of the spy ring were world wide and not just confined to Ottawa.

They believed that the Communist party and fellow traveler organizations comprised part of its machinery and in Canada its purpose was to gather information relating to the country's defenses and to sabotage defense plants now being made for the protection of the arctic frontier.

The extent to which the spy ring's activities threatened to affect defense plants was believed to have been the catalyst for in forcing the government to act at the present time instead of continuing to keep the operations under observation.

Russia's protest, which came before the Canadian government had accused the Soviet government officially, was seen by some diplomatic observers as a prelude to breaking relations with Canada. Russia, they pointed out, used the same tactics with Finland in 1939 prior to breaks in diplomatic relations with that country.

The Canadian government closed in on the ring Friday when Royal Canadian mounted police arrested several persons suspected of giving secret information to members of the Soviet foreign mission. Thirteen suspects were rounded up.

All the suspects were believed to be Canadians but the Ottawa Evening Journal said yesterday that the ringleader of the Russian agents was Arthur Adams. He was taken into custody Friday, the Journal said.

Adams, who was known to have resided in a New York hotel for several years, has been in the pay of the Soviet Espionage Service since 1938, the Journal said.

Both the Federal Bureau of Investigation and the RCMP have had Adams under surveillance for some time, the Journal said, but did not arrest him before out of deference to an Allied power.

**TO DEFEND PETRILLO**  
WASHINGTON, Feb. 21.—(UP)—Pro-union forces in the House lined up today for an amendment in the bill to curb activities of music czar James C. Petrillo.

The measure was designed specifically to put a damper on Petrillo's dealing with the radio broadcasting industry. But pro-labor congressmen complained that it would impose sharp restrictions on all unions.

### THE LABOR FRONT

(By United Press)

The nation's strike toll rushed over the one million mark again today as new walkouts cut off 60 per cent of Detroit's milk supply, halted garbage collections in Houston, Tex., and closed the Paterson, N. J. public schools.

Federal Mediator James F. Dewey said General Motors and the Q.O. United Auto Workers were making "substantial progress" toward a settlement which would send 175,000 of the country's 1,001,000 strike idle workers back to their jobs.

man should withdraw his nomination "out of common decency." This would save Democrats the further embarrassment of trying to salvage the nomination which already has split the party, Stewart said.

Stewart's statement marked the first public break in Democratic ranks, and took on added significance because of Stewart's friendship with acting Senate President Kenneth D. McKellar, D. Tenn., a powerful behind-the-scenes figure.

There was no immediate comment from either Pauley or the White House. President Truman's last word was that his nominee was an honest man and that he was sticking by him.

Reps. Jerry Voorhis and Chet Holifield, two Democrats from Pauley's home state of California, also announced opposition to Pauley, although the House has nothing to do with confirming nominations.

Secretary of the Navy James V. Forrestal didn't help Pauley much, if any. Forrestal presented a lengthy statement to the Senate Naval Affairs Committee hearing on Pauley's nomination, but failed to ask for confirmation of the man who would hold the second-highest job in the department.

Forrestal did not actively oppose Pauley. He left it up to the committee to settle "the serious issue raised by the charge that Pauley in a conversation with (resigned Secretary of the Interior Harold I. Ickes) undertook to urge the latter to lend himself to the bartering of political influence in return for campaign contributions."

Sen. Charles W. Tobey, R. N. H., the most active opponent of Pauley, claimed the committee's inquiry was an "exact" parallel of the inquiry that uncovered the Teapot Dome scandal.

**BANKERS ALERT**  
 INDIANAPOLIS, Ind., Feb. 20  
 Indiana bankers are alert  
 possibilities of serving all  
 requirements of their  
 clients is shown by the in-  
 crease in the Indiana Bankers  
 Association Consumer Credit  
 section to be held February  
 21 at the Clapp Hotel.  
 This is the first consumer  
 session sponsored by the  
 association.  
 H. Boesching, presi-  
 dent of the Indiana Bankers As-  
 sociation and president of the  
 National Bank and Trust  
 Company, Fort Wayne, announce-  
 ing that more than 300  
 bankers are expected to at-  
 tend the session.  
 The program is built around  
 the Indiana banks make  
 consumer credit loans  
 to borrowers.  
 The subjects discussed  
 will be the organization of a con-  
 sumer credit department in an  
 Indiana bank, financing farm im-  
 machinery, dealer  
 financing, bank and agent auto  
 and the consumer credit  
 for banks.  
 Display will be posters  
 showing samples of newspaper  
 direct mail advertising used  
 by Indiana banks to solicit busi-  
 ness from borrowers.  
 The principal speaker at the all-  
 day session will be Walter B.  
 Riley, deputy manager in  
 charge of the Consumer Credit  
 Department of the American  
 Bankers Association. He will ad-  
 dress the luncheon in the Riley  
 and his subject will be  
 "Consumer Credit Outlook for  
 1938."  
 Following the luncheon will be  
 the session on "The Consumer  
 Credit Department in the Bank."  
 Presiding  
 will be Louis S. Armstrong,  
 president of the conference and  
 vice president of the

St. Joseph Valley Bank, Elkhart.  
 The conference will get un-  
 derway at 9:30 a. m. with Rus-  
 sell G. Ayers, chairman of the  
 Program Committee for the con-  
 ference and assistant vice presi-  
 dent of the Fort Wayne National  
 Bank, Fort Wayne, presiding.  
 Mr. Armstrong will welcome the  
 bankers.  
 First speaker will be J. Wesley  
 Feikert, vice president and Con-  
 sumer Credit officer of the Old  
 National Bank, Evansville. His  
 subject will be "My Experiences  
 in Starting a Consumer Credit  
 Department in an Indiana Bank."  
 Mr. Feikert recently came to In-  
 diana from the Franklin Square  
 National Bank, Long Island, New  
 York, where he made an out-  
 standing record in his field.  
 W. L. Clark, vice president of  
 the J. L. Case Company, Racine,  
 Wisconsin, will talk on "The Op-  
 portunity for Banks in Financing  
 Farm Implement Machinery."  
 Concluding the morning ses-  
 sion will be a discussion of "Con-  
 sumer Credit Financing via Deal-  
 er" by W. J. McCarthy, vice-presi-  
 dent of the National Shawmut  
 Bank, Boston, Massachusetts.  
 Following the luncheon, the af-  
 ternoon session will begin at 2 p.  
 m., with Mr. Armstrong presid-  
 ing.  
 A motion picture, "The Bank  
 and Agent Auto Plan in Action,"  
 will be shown. It was produced  
 by the Aetna Casualty and  
 Surety Company of Hartford,  
 Connecticut, in cooperation with  
 the National Association of In-  
 surance Agents.  
 A panel discussion will close  
 the program. Participants will

## Washington's Birthday

## His Kind of Reason Must Still Prevail

George Washington was more than a brilliant military strategist. He was blessed with all the qualities of leadership, including a deep understanding of the needs of all the people; and justly deserved the high office of President of the United States. In its birth this nation's history was fraught with many problems on which its entire future rested. And in the present time the concerns of the nation are the concerns of the world for all time to come. Let us look to the sound judgment of George Washington, and the capable of his kind of reasoning to guide us out of all national and global difficulties.

## News Of Boys

The following citation was among those recently released by Headquarters Fifth Infantry Division, Camp Campbell, Ky., with awards for heroism and meritorious service to members of the Red Diamond Division who served in the long and arduous European campaign.

Tech. Fifth Grade Lloyd H. Sutherland, 11th Infantry Regiment, U. S. Army. For distinctive service in connection with military operations with the enemy during the period 13 July, 1944 to 8 May 1945 in Europe.

Technician Sutherland performed the duties of battalion radio driver in a superior manner throughout the battalion's period of combat. Many times in carrying out his duties he braved all types of enemy fire in order to maintain communications between the forward elements.

Through his unswerving courage and loyalty, the battalion commander was able to direct a coordinated attack against the enemy which led to the successful completion of all the battalions missions. His deep devotion to duty reflects great credit upon himself and the armed forces.

Technician Sutherland is the son

of Mr. and Mrs. Guy Sutherland of Reelsville, R. R. 1

The address of Pvt. James H. Lady is A. S. N. 45018491, Infantry Co. I, 2nd Plat., APO No. 21469, c/o Postmaster, New York, N. Y. He is stationed in Cologne, Germany and would like to hear from his friends.

## REGARDING FLOUR

Above-normal purchases of flour for household use are unnecessary and unwise, according to the Department of Agriculture.

Excess purchases are unnecessary because there is no shortage of flour in this country. They are unwise because there is great need for cereals to meet world shortages, and because flour may spoil in home storage.

Experienced housewives have learned that flour cannot be kept for long in the ordinary warm kitchen or apartment. Flour kept in the usual room temperatures may become infested with weevils. Commercial bakers who attempt to keep up to a 45 day's supply on hand store the flour in flour rooms that are especially built for that purpose, and that have all the necessary air conditioning apparatus to control temperature and humidity.

In the home, flour is often stored on shelves where the temperature is above the average of the room. This increases the danger of spoilage.

Flour will not keep successfully in the home refrigerator, because the flour takes up moisture. Flour must be kept dry as well as cool.

Both wheat and flour are desperately needed by the hungry peoples of Europe and other countries. It would be a great tragedy if flour were allowed to spoil in this hour of need. Present home supplies should be used before more is bought, and only what is needed currently should be bought at any time. Every effort is being made to have adequate supplies available in the stores at all times.

## PURDUE'S COMMENCEMENT

Purdue University, still operating on its accelerated wartime schedule, will hold commencement exercises next Sunday afternoon for those who graduated at the end of the term next Saturday. There are 232 candidates for bachelor's degrees and 33 candidates for advanced degrees and those completing their courses of study will get the

coveted sheepskins from Frederick L. Hovde, the University's new president, who will be presiding at his first commencement here and will speak briefly.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acid and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with burning and stinging sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"NONE SO GOOD" SAYS MRS. CARL STOWE

Springfield, Missouri — Mrs. Carl Stowe finally got around to writing to Faultless Starch. Here is what she says:

"I've intended to write for a long time, but just kept putting it off. I just wanted to say I have used Faultless a long time. I have tried other starches but none so good as Faultless. It is more economical and does not blow out of the clothes. Then they iron so much easier. I sure am sold on Faultless and I just wanted to tell you so."

That is a wonderful letter, isn't it? Mrs. Stowe has tried other starches and she says "none so good as Faultless."

DOES NOT BLOW OUT  
One thing she says in her letter may be very interesting to you. She says that Faultless Starch does not blow out. Now you probably have had the experience of getting your wash all done, starched and on the line—only to find when you go to iron that the wind has whipped all the starch out. And you have to starch all over again, put them on the line—and iron a day late!

Now, you don't HAVE to go through that... not if you use Faultless Starch!

You see, Faultless Starch is made a special way so that the starch penetrates into the fabric. It doesn't just stick to the outside. As a result, the wind doesn't blow it out—and a freeze won't freeze it out!

Think what a lot of time and work that one thing can save you some busy week!

But that isn't the only wonderful thing about Faultless Starch! It takes only a minute to make perfect hot starch—WITHOUT COOKING! And, it contains ironing-aid that keeps the iron from sticking—NO "STICKY IRON!" It's so easy to do smooth, beautiful ironing.

So try Faultless Starch, and you'll never go back to the old, hard-work way of starching.

From where I sit... by Joe Marsh

**Bird's-Eye View  
of America**

A fellow took an aerial photograph of our town, and it makes the place look like Utopia.

Folks argued that the new firehouse would never look well beside the old Town Hall. But they harmonize perfectly from the air. One side of the railroad tracks looks as good as the other. All the different landmarks blend in nicely with surroundings.

From where I sit, there's a lesson in that photograph. A community's made up of different elements—people as well as landmarks. Some

vote one way, some another; some enjoy a glass of beer and others don't. You might think there was a lot of reason for friction.

But it's all in your point of view. Get up high enough—see the community as a whole—and those little discords blend together into what we call America—a free, harmonious land. The differences only look big to people who see them from too close!

CAN RAISE WAGES

WASHINGTON, Feb. 21.—(UP)—The government moved today to encourage quick settlement of industrial disputes during the transition to the administration's new wage-price policy.

To prevent the freezing of labor disputes at their present status while new regulations and practices are devised, retiring Stabilization Director John C. Collett announced that employers could grant wage increases without advance approval up to March 15 without forfeiting their right to ask price relief.

Meanwhile, the wage-price policy was receiving attention from union and company representatives of two industries—coal and rubber—which hold a still unclarified status under the new program.

President John L. Lewis of the United Mine Workers and the union's district presidents were conferring behind closed doors for the second successive day at UMW headquarters. A UMW spokesman said the union leaders had discussed "everything" at yesterday's session and that an announcement might be forthcoming today. However, only the UMW policy committee can frame formal wage demands.

Representatives of the United Rubber Workers (CIO) and the "big four" of the rubber industry began bargaining today over the union's seven-point wage-and-hour program. Spokesmen said discussion during the past two days had been devoted to "preliminary items" and that actual bargaining would begin today.

Postwar wage patterns have not been set in either the rubber or coal industry. President Truman's new wage-price policy requires that wage increases, used to justify price increases, must follow wage patterns set since the war. Standards less definite were set for industries in which no pattern has been set.

### OPA PRICES

The following prices are the highest that can be charged on OPA regulations:

All weights of live chickens—44c per pound; drawn fowls—53c per pound.

Cranberries in bulk—35c per pound; cranberries in cello bag—27c per pound. All varieties of apples 15 cents per pound.

Central American bananas—12c per pound, all other bananas 11c per pound.

Green or Wax beans—27c per pound; Green peas—24 cents per pound.

Camery bath soap is 11c a cake in group 1 and 2 stores and 10c in a group 3 store. Bab-O Cleaner, in 14 ounce packages—13c in group 1 and 2 stores and 11c in a group 3 store.

All consumers are cautioned to keep their War Ration Book 45, since they are likely to be needed in the future for the purchase of sugar-in case it is not released from rationing. The sugar stamp now good is No. 39. This stamp is good until April 30th.

### OBITUARY

There is a stream we all must cross  
The river of human years  
Now lying calm in the summer light  
Now splashed with the rain of tears

Out from the hill of God it flows  
And on to the shoreless sea,  
Where the noontide sun no shadow throws  
And time is eternally.

Jesse, son of James Bell and Elizabeth Wilson McKamey, was born in Putnam County, Sept. 28, 1874, his entire life has been spent in this county and for a number of years in Warren twp.

On March 6th, 1898 he was united in marriage to Della Morris and to this happy union were born four sons, Forest, Venard, Estel and Fay, who all survive.

Mr. McKamey was a farmer by occupation, but what ever task his hands found to do he tried to do it right. For the last five years he has been janitor at the Putnamville school and as was his custom, he did it well and was loved by teachers, pupils and all with whom he came in contact. He never united with any visible church but we believe Christ was the ruler of his life, and the influence he has exerted not only in his home but on the children who saw his quiet, peaceful life as he went about among them, as janitor for all these years will be far reaching. His last sickness was of 3 1-2 months duration most of that time was spent in the hospital and it seemed that his sickness baffled the most skillful physicians and the tender care of his loved ones. And on the morning of February 9, 1946, he peacefully fell asleep at the age of 71 years, 5 months, and 11 days.

He leaves to mourn his passing the devoted wife, of whom he was always so considerate. The four sons already mentioned, five grandchildren, Mrs. Helen Bean, Mrs. Marjorie Geyer, Dixie Lee, Dean and Carol Ann McKamey, two great grandchildren, Stephen and Nancy Bean and a host of neighbors and friends who extend to this bereaved family their deepest sympathy in this, their great sorrow, for Mr. and Mrs. McKamey were exceptionally devoted to each other and were seldom apart and that only for a few hours. One grand daughter, Beverly Jean McKamey preceded him in death.

Unknown in halls of fame, yet truly great—Our Father Great in the greatest things of life.

Generous in kindly counsel, (Patience and in love, Unsung in song but shrined In loving hearts—Our Father. Written by a Friend.

Mrs. Jess McKamey and sons wish to acknowledge with grateful appreciation your kindness and sympathy shown during the recent illness and death of our beloved Husband and Father.

Approximately three million man-hours will be needed for a proposed 10-year postwar program for state institutions in Wyoming.

### OBITUARY

The angel of death has again entered our midst and taken from us a dearly beloved husband, father and son. Harold Lorn Dunn, better known as Jimmy Dunn, the son of Warren and Lulu Hosier Dunn, was born in Benton County, Ind., on July 8, 1899 and departed this life on Feb. 1, 1946 at the age of 46 yrs. 6 mos. and 23 days. Jimmy came with his parents to Putnam county at the age of 5 years, where he spent the rest of his life. On July 6, 1923 he was united in marriage to Retha V. Norwood of Belle Union, Ind. To this union were born three children, two sons and one daughter. His mother and one brother have preceded him in death. He leaves to mourn his loss, the wife Retha, a daughter, Calen, two sons, James and Harold Dunn at home. The father J. W. Dunn, three brothers, Clarence and Leon of Greencastle and Earl Dunn of Logansport, Ind. Three sisters, Mrs. Ethel Laurence of Spencer, Ind., and Mrs. Mabel Walters of Rochester Ind., and the father-in-law and mother-in-law, Mr. and Mrs. J. O. Norwood of Belle Union, Ind. Also a host of other relatives and friends. Jimmie was a kind and loving husband, father, son and friend. He worked a number of years at the Lone Star Cement Plant at Limesdale then went to work as a crane operator at the O. & I. Stone Quarry where he worked for 16 years, until his sickness came nearly a year ago. He always made friends everywhere he went, and was liked by everyone who knew him. He always had a smile and friendly greeting for everyone, even through his suffering. The Lord giveth. The Lord loveth and the Lord taketh away. He will be sadly missed by every one who knew him.

A precious one from us has gone  
A voice we loved is stilled  
A place is vacant in our home  
Which never can be filled  
God in his wisdom has recalled

The boon which he has given  
Although his body skimmers here  
His soul is safe in Heaven.
